

Residential Services for Women with Chemical Addiction
SFY 2011 (July 1, 2010 – June 30, 2011)

SPECIAL CONDITIONS

Contractor shall provide residential treatment services for women with chemical addiction, including priority residential services for women who are pregnant, women with dependent children and those children, as follows:

1. Within the limits of the contractor's capacity, the contractor shall accept referrals from other Indiana providers. (See 4 A and B below.)
2. Because the services are being paid for by the Division of Mental Health and Addiction (DMHA) they shall be provided at no cost to the referring providers. The contractor shall register the individual being referred even if the referring provider has registered that individual. The contractor may seek payment from other sources such as insurance or Medicaid.
3. Contractor shall make the following services available to women with chemical addiction during pregnancy, to women with chemical addiction with dependent children, and to the dependent children:
 - A. The delivery of, or referral *for, primary medical care* for women;
 - B. The delivery of, or referral *for, primary pediatric care* for the women's dependent children;
 - C. The provision of *gender specific* substance abuse treatment as follows:
 1. Women's specific group sessions;
 2. Individual therapy as needed with gender specific therapeutic counseling;
 3. Therapeutic interventions for children;
 4. Case management; and
 5. Arranging for or directly provide the following:
 - a. Child care; and
 - b. Transportation.
4. Contractor shall provide the DMHA with quarterly reports detailing the following:
 - A. List of referrals received from other Indiana providers;
 - B. List of referrals accepted from other Indiana providers;
 - C. The number of women with chemical addiction receiving treatment;
 - D. The number of women with chemical addiction during pregnancy receiving treatment;
 - E. The number of women with chemical addiction with dependent children receiving treatment;
 - F. The number of dependent children receiving services;
 - G. The number of newborn children of chemically addicted women receiving treatment; and
 - H. Any details of birth(s) in G. above, such as sex, weight, length, and alcohol/drug status.

Contractor shall report the total units of service delivered for items C through F above.

5. Contractor shall list specific services for women on the Substance Abuse and Mental Health Services Administration (SAMHSA), Substance Abuse Treatment Facility Locator and shall otherwise publicize the availability of these services in the region.

6. The DMHA shall pay contractor at the rate established in the *Attachment Document Detail* within the SFY 2011 Managed Care Provider contract.
